\* Lot 35 is a Propulsion son with ample depth of body.

\* Dam has been one of our top cows until she cut her udder last year and it got infected. She raised this bull calf with only half a bag or his performance would be much better.

\* Maternal brother by Stockmarket was our Lot 2 bull on last years sale going to John Heylens for \$5,500.

- \* A loose hided bull that is athletic and moves well.
- \* Top 4% Pro S.

## About the 2 year olds

We have a really nice bunch of two year old bulls this year. We keep some bulls back every year from the yearling group to be able to offer some aged bulls for our customers who want an older bull that can cover more cows. They were run on grass all summer and held their condition very well, and they will be ready to go to work for you. We Semen check these bulls prior to the sale and they are guaranteed just like the yearlings, so buy them with confidence. These bulls have had all the performance testing that last years yearling bulls had. All WDAs, ADGs, and ultrasound measurements were taken during the yearling period last year. Scrotals are current as of this year. Any Trich testing that needs to be done to move a bull into your state will be done to the bulls after the sale at our expense. In the past the 2 year old bulls have been very affordable and a great value for your money, so don't overlook them because there are some very good bulls offered here. This group of 2 Year Old bulls will be primed and ready to cover a lot of females for you.

Home raised Fusion son that just turned 8 and is still super sound and ready for another breeding season this year at our place. His sons are thick made with easy going dispositions, and his daughters are highly maternal and easy keeping. Pictured on page 24.

3SCC Red Energy D62 sire to Lots 17, 18 & 46 in this sale

*Thank you Customers for your support!*

**A big thanks to all our customers that have supported our program over the years.**

## **Sonstegard Cattle Co., L.L.C. Bull Development**

Our management of the bulls has not changed much over the last few years. We steadily grow our bulls out instead of trying to push them for maximum gain. This method of development helps produce structurally sound, functional bulls that will stand up over time for their new owners. The bulls are not fat or over conditioned, they are fed a high roughage ration that allows them to express genetic difference and potential. The result is a bull that will fit in well for his new owner and mature into a long lasting herd bull.

As always, our bulls don't receive any creep feed on pasture, just grass and mama's milk. We steer any bull with high birth weight, poor structure, poor disposition, and inadequate performance. We put 61 bulls on test this year and that group is performance tested, fertility tested, DNA RA50K tested, and will have a carcass ultrasound. From that group we took the top 57 yearlings and offer them in this sale. We have always tried to shoot for a 3 pound gain average on our bulls, and this year the bull pen exceeded our target and hit the mark of 3.10 lbs/day gain since weaning. The bulls are not fed to reach their peak gain potential and we feel pushing the bulls too hard can really hurt their performance and longevity for you in the future. The bulls are fed a starter ration for 3 weeks after weaning then they are limit fed a 47 meg high roughage ration until January (about 90 days), then we move them up to a 51 meg limit fed high roughage ration until the YW is taken. We kept the bulls on a lower ration longer this year because they were gaining so well and exceeding our normal goal with less feed. The bulls have a 10 acre lot to roam and get exercise in. We feel the ration and exercise that the bulls get is essential to their development, and helps promote physical soundness and longevity. This method of developing bulls has proven to work well, as we have received a lot of positive feedback from our bull customers over the years, and we have used our own bulls in our program with great results.

The bulls were semen tested the 23rd of February and all bulls will sell as guaranteed breeders. We also will ultrasound for carcass at that time and the data is available in the catalog. The bulls will have a complete vaccination program and will be ready for breeding come sale day. We certainly stand behind our cattle and guarantee your satisfaction with the bulls. Come see the bulls in person or check out the videos online at our website [www.3scc.net](http://www.3scc.net) around April 1st, and we think you will be impressed with what you see. Our goal has always been to provide our customers with second to none genetics and service to make your operations more profitable.

## **A-BAG-A-BULL**

**RED ANGUS**  
RANCH TESTED. RANCHER TRUSTED.

If you purchase a bull from us, we will provide you with credit equal to the value of one bag of Feeder Calf Certification Program or Allied Access tags for each bull you purchase. To redeem your credit, bring your receipt for the tags to next year's sale and we will apply it to your bull purchase.

The FCCP provides age, source and genetic verification for calves sired by registered Red Angus bulls. Cattle enrolled in the FCCP are accepted into the exclusive Choice+ and G.O. Red grids. The FCCP 'yellow tags' are recognized by buyers nationwide and return a premium for Red Angus calves enrolled in the program.

The Allied Access program provides age and source verification for commercial cattlemen whose bull battery does not exclusively contain registered Red Angus bulls. Whether you are utilizing multiple sire breeds or halfblood bulls, enrolling in Allied Access demonstrates to buyers that you are taking an extra step in marketing your calves and adding value throughout the production chain.

To enroll in the FCCP or Allied Access, contact the Red Angus marketing department. Enrollment is simple and free of charge.

## Directions to River Ranch:

If you are coming from the **North from Watson, MN** go approximately 3 miles turn left onto 30th St. S.W. or to the East on gravel road. Take this road down a hill across a set of Railroad tracks at the first stop sign take a right. Red steel buildings to the right.

If you are entering Montevideo from  **Hwy 7 from the East** , you will go through two stop lights. At the third stop light, take a right go approximately 1/4 to 1/2 mile past Heather Greenhouse and across 2 sets of Railroad tracks. You will be heading West. Go until you reach a stop sign, take a right approximately 1 mile until you see a blue and white highway sign that says “Sonstegard Cattle Co.” take a right after that sign on a gravel road to the East. Go down a hill across Railroad tracks at the first stop sign, take a right. Red steel buildings to the right.

Entering Montevideo from the South **from Granite Falls**, go thru a stop light and watch for a sign that says Appleton (Hwy 7 & 59) turn left there go approximately 3 miles. Look for blue and white highway sign that says "Sonstegard Cattle Co." take immediate right onto 30th St S.W. (gravel road) Go until you reach a stop sign. Go right. Red steel buildings to the right.

Entering Montevideo  
**from the West on 212:**  
Take a left at first stop  
light. Go approximately  
1/4 mile. You will see a  
sign that says Appleton  
(Hwy 7 & 59). Take a  
left and go 3 miles --  
Look for a blue and  
white highway sign that  
says "Sonstegard Cattle  
Co.". Take right or go  
East down a hill over  
Railroad tracks to a stop  
sign. Turn right Red  
steel buildings on the  
right.

**Entering Montevideo from Highway 29.** Take a right at the first stop light. At the second stop light take a right go past Heather Floral & across 2 sets of Railroad tracks until you come to stop sign. Take a right. Look for blue and white highway sign that says “Sonstegard Cattle Co.”. Take a right after the sign onto gravel road. Go until you reach stop sign. Red steel buildings to the right.

## Sale Terms and Conditions

**TERMS:** Terms of the sale are cash, check, or other terms agreed to in writing between seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle.

**PURCHASER'S RISK:** All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

**BIDDING:** Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

**CERTIFICATE OF REGISTRY:** A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

**ANNOUNCEMENTS:** Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

**HEALTH:** All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for International Shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

**BREEDING GUARANTEE:** All animals are guaranteed by the seller as outlines in the Red Angus Association of America Code of Ethical Sale Practices.

**LIABILITIES:** All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the sale Manager from pedigrees and information supplied by sources deemed reliable, however, the sale manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

**CONTRACT:** The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

**PHONE BIDS:** Contact the Sonstegards for any phone bidding prior to the sale.
